

Clinical Pharmacy Services

Pharmacy is involved in all aspects of medication management. With the implementation of physician order entry, barcode technology, cartless distribution, robotics, and technical support for distributive functions, we are able to focus on clinical activities.

Hot Springs has seven Clinical Pharmacy Specialists (CPS) and ten technicians. Fort Meade has 17 CPS, and 12 technicians. There are two South Dakota State University (SDSU) College of Pharmacy faculty, three PGY1 residents and one PGY2 resident. The pharmacies are staffed Monday through Friday from 730a-515p, with limited holidays and weekends.

Educational Affiliations

VA Black Hills Health Care System is a teaching institution affiliated with SDSU Colleges of Pharmacy and Nursing, University of South Dakota School of Medicine, and Western Dakota Technical Institute.

Federal Employment

Appointment is contingent upon completion of a physical exam, including negative drug test. Applicants must meet requirements for federal employment. Residents are required to obtain a pharmacist's license in any state within 3 months of appointment.

VA clinical pharmacy specialists and residents use their prescribing privileges in collaboration with the medical team to help optimize patient care and reach treatment goals.

VA BHHCS will be utilizing ASHP PhORCAS:

www.ashp.org/phorcas

VA Black Hills Health Care System (VA BHHCS) is located in the beautiful Black Hills of western South Dakota, where we are known for our blue skies, pine forests, rich history, moderate climate and friendly western hospitality.

VA BHHCS provides primary and secondary medical and surgical care, along with Residential Rehabilitation Treatment Program (RRTP) services, extended nursing home care and tertiary psychiatric inpatient care services, for Veterans residing in South Dakota and portions of Nebraska, Wyoming, North Dakota and Montana.

Care to approximately 20,000 Veterans is delivered through the Fort Meade (near Sturgis) and Hot Springs VA Medical Centers, as well as through a number of community based outpatient and rural health clinics.

VA BHHCS is a part of the VA Midwest Health Care Network.

Residency Purpose

The VA BHHCS Ambulatory Care PGY2 Residency will further develop the resident's skills in direct patient care, leadership, and education through a variety of experiences tailored to the individual's needs and goals. Upon successful completion of the program, graduates will be equipped to obtain an ambulatory care certification and serve as a ambulatory care clinical pharmacist in either a clinical or academic setting.

Teaching opportunities: Educational affiliations will provide opportunities for the resident to precept pharmacy students and obtain a teaching certificate from South Dakota State University (SDSU).

Clinical meetings: Residents are engaged in a variety of local meetings and are expected to attend ASHP Midyear Clinical Meeting, Midwest Pharmacy Residency Conference, South Dakota State Pharmacy Association meeting(s), and possibly regional VA pharmacy meetings.

Hours, Salary, and Benefits: Hours for the residents will be 7:30 a.m.—5:00 p.m. Monday through Friday with limited assigned holidays and weekends. Residents will receive a stipend of \$44,522 which includes health and life insurance. Fringe benefits include 13 days of paid leave, 13 days of paid sick leave, 10 paid holidays, lab coat, and free parking. On-site housing may be available at a reduced rate. If interested, please inquire at interview.

Start Date and Duration

We have one position for VA BHHCS. The resident will have rotations/projects at both Fort Meade and Hot Springs campuses. Start date is to be determined, with expected start date in mid to late July. The residency is a full-time temporary appointment of 1 year in duration.

Match Rules: This residency site agrees that no person at this site will solicit, accept, or improperly use any ranking related information from any residency applicant.
