VA Black Hills Health Care System Welcomes New Chief Information Officer

John Reiffenberger, Bachelor of Science in Healthcare Administration has been appointed as Chief Information Officer (CIO) for VA Black Hills Healthcare System through their Office of Information and Technology.

As the CIO, Reiffenberger will be responsible for Information Technology at the VA Black Hills Health Care System including maintaining computer systems, telephone systems, network systems, and software applications used by staff at the VA Black Hills Health Care System.

Reiffenberger has been with the VA for 30 years with the last 4 years working for the Office of Information and Technology for Veterans Service Integrated Network (VISN) 23 as the Applications Service Line Manager. As the Applications Manager, he was responsible for software applications used at all VA facilities in VISN 23.

Reiffenberger has been married to his wife Sue for 30 years and they have two married children; Matt Reiffenberger (Saba Awan), and Sara Studer (Ron Studer) and one grandson Max Studer. Reiffenberger enjoys outdoor activities including golf, hiking, photography, and just spending time with his family.
