Darrow Recognized as the Employee of the Month at Hot Springs VA Medical Center

The Department of Veterans Affairs (VA) Black Hills Health Care System (BHHCS) recognized Gary Darrow as November's Employee of the Month at the Hot Springs VA Medical Center.

Darrow was nominated for his continued commitment to going the extra mile in his job and dedication to saving VA money. Darrow served as the only electrician on site for roughly three months and was able to keep things running smoothly. There was no interruption of service for the Veterans or employees. He took the initiative to save VA BHHCS repair money when he was able to disassemble, fix and reassemble a complicated brake mechanism on a piece of scrubbing equipment.

Darrow works in the Electrical Department of Facilities Services at Hot Springs VA Medical Center as an electrician. His supervisor compliments him on his continued positive attitude and dedication to the job.
