Dear Ms. Horsman:

1. I certify that the information has been verified for the trainees on the enclosed list who are scheduled to receive clinical training at a Department of Veterans Affairs (VA) facility. NOTE: All trainees listed on the TQCVL must have had all primary source verifications completed. Use a separate TQCVL for any trainee with a deficiency or discrepancy (e.g., a restricted license and/or visa eligibility requirements) with the issues stated explicitly and an explanation provided.

2. In addition, I certify that the trainees in the attached list:

The tuberculosis screening may be done by the VA facility for training programs sponsored by VA.

   d. Have had hepatitis B vaccination or have signed declination waivers; NOTE: In cases in which the trainee has not had a hepatitis B vaccination, the VA facility will refuse the trainee appointment until the required health screenings/vaccinations have been performed or a declination waiver has been signed.    e. Have had primary source verification of educational credentials as required by the admission criteria of the training program;

   f. Have had primary source verification of current and past license(s), registration(s) including DEA registration, or certification(s) through the state licensing board(s) and/or national and state certification bodies as required by the training program;

h. Have provided letters of reference as required by the training program;

i. *Have/have not (circle)* been screened against the National Practitioner Data Bank (NPDB) as appropriate for licensed trainees;

j. *Have/have not (circle)* been screened against the Health and Human Services’ List of Excluded Individuals and Entities (LEIE) for all trainees. For all trainees, the LEIE must be queried. This is a list of individuals barred from federal appointment.

3. I will notify the VA Designated Educational Officer as soon as possible but no later than 72 hours of changes in the academic status of individual trainees, adverse actions that affect the trainee appointment, or changes in health status that pose a risk to the safety of trainees, other employees, or patients.
